I did not conceive them but they are my children. I ♥ my fur babies! They are needy, depend on us, worry us when they dont feel well, jump in the bed for snuggles or during a bad storm because they are scared, they dont listen or misbehave sometimes and they leave their toys all over the place! They love us unconditionally and help fill the void of no children in the house. Meet Prince (grey schnauzer) and Sophie (white westie) my 2 first born children 😊
