Trenbolone-Enanthate, like all Trenbolone forms is a 19-nor class anabolic androgenic steroid that is both highly anabolic and androgenic. The Trenbolone hormone is so powerful it is 500 times more anabolic than testosterone, as well as 500 times more androgenic; as testosterone alone is so powerful this should give you a pretty good idea of...

Trenbolone enanthate, known by the nickname Trenabol, is a synthetic and injected anabolic-androgenic steroid (AAS) and a derivative of nandrolone which was never marketed. It is the C17 β enanthate ester and a long-acting prodrug of trenbolone. Trenbolone enanthate was never approved for medical or veterinary use but is used in scientific research and has been sold on the internet black ...
