One ampoule / vial of Nebido (corresponding to 1000 mg testosterone undecanoate) is injected every 10 to 14 weeks. Injections with this frequency are capable of maintaining sufficient testosterone levels and do not lead to accumulation. See Appendix 1 of the BNF or the SPC1 for further details References: 1. Summary of Product Characteristics (SPC) Nebido 1000mg/4ml, solution for injection. Bayer. Last revised on the EMC, October 2018. Your doctor will inject Nebido (1 ampoule / vial) very slowly into a muscle. He/she will give you the injections every 10 to 14 weeks. This is enough to maintain sufficient testosterone levels without leading to a build-up of testosterone in the blood. Nebido is strictly for intramuscular injection. #vaccine #covid #coronavirus #pandemic #health #corona #vaccines #vaccination #virus #billgates #medicine #lockdown #science #quarantine #influenza #news #doctor #stayhome #healthcare #who #immunization #bhfyp Maintaining your Nebido levels during treatment The injection interval should always be within the recommended range of 10 to 14 weeks. Your doctor will measure your testosterone levels regularly at the end of an injection interval to make sure it is at the right level. If the level is too low, your doctor may decide to give you injections more ...

YOUR HEALTH STANDS STRONG ON 3 MAJOR PILLORS - PHYSICAL, MENTAL& SOCIAL WELLBEING. HERE AT HERBALIFE NUTRITION WE AIM TO TAKE CARE OF ALL THREE AND CREAT FOR YOU. #thesphereofhealth Nebido® - The only long-acting injectable testosterone replacement therapy (TRT) Esto es maravilloso porque realmente empiezo a sentirme completo y conforme con lo que empiezo a ver en el espejo. De verdad que es increíble como notar un pequeño cambio físico (hasta el granito nuevo donde nunca me salía) en mí en este largo mes ha causado tanta felicidad y deseos de seguir viviendo cada cambio con la mejor actitud y paciencia. Entre otras cosas hoy me inyecte mi segunda ampoyeta, agradecido con mi cuerpo por recibirla de la mejor manera. [click here to investigate](#)
