

Stimulation/Energy/Focus: 9/10 - It could be because i haven't used stims in around 6 weeks or so, but I could feel the stimulating effects of Phenadrine within about 20 minutes after taking each 2-pill dose. The energy was smooth, lengthy and jitter-free, and my motivation immediately shot through the roof when effects became apparent.

APS White Lightning Reviews from SuppNation

Though I will not be reviewing Plasmagen until the end of the bottle, I felt I needed to do an initial review of the Phenadrine as I was absolutely blown away today. I took two caps at 2:30pm, planning to be at the gym by 3:00. At 2:45 I literally felt a switch flip in . I began my first day on my APS stack today; Phenadrine + Plasmagen .
