1,100 mg	**

This means that Black Hole™ will help produce hunger stimulating effects potentially greater than anything you have experienced before. The oral bioavailability of these alkylamides has also been shown to be extremely high in human studies, so they will make it to the receptors without getting degraded by the gastric juices and/or the liver.

Controlled Labs Black Hole - 369 Nutrition

#1 Is Beta Ecdysterone good for increasing appetite? Anyone try it? Notice any changes? Any other suggestions for appetite stimulating supps? I know years ago controlled labs made Black Hole. This isn't about how to gain weight (caloric surplus) more like something to make me hungrier (I'm naturally thin and eating doesn't come easy).
