CJC-1295 acetate(863288-34-0 free base) - GHSR - TargetMol

CJC-1295 is delivered via a subcutaneous (below the skin) injection, allowing it to be absorbed into the body slowly, and provide a consistent triggering effect on the pituitary gland. It is typically compounded with an equal amount of Ipamorelin, another anti-aging peptide, which has a much shorter period of action and half-life. Ipamorelin and also CJC-1295 is a peptide blend that triggers the release of development hormonal agent from the pituitary gland. The mix of the peptides ipamorelin and CJC 1295 is proven to enhance energy, physical fitness, and also total health. What's more, it is effective in dealing with inflammatory problems.

CJC-1295 Dosage Calculator and Guide | What You Must Know

CJC-1295 DAC was developed to address the main limitation of injectable GH; namely, its short half-life of around seven minutes. DAC, which stands for "Drug Affinity Complex", is an acetate that's added to help the CJC-1295 peptide last longer in the body. Studies have shown that CJC-1295 DAC has a half-life of between five and eight days [2].

CJC-1295/Ipamorelin Acetate 6/6MG INJECTABLE Mix with 7 ...

CJC 1295/Ipamorelin is taken by subcutaneous injection, with typical dosing of 300 mcg per day. It can

also be taken 1-2 times daily with dosages of 250/100 mcg up to 500/200 mcg per dose. The smaller amount is typically taken twice daily, and the higher dose would be taken before bed.

CJC-1295/Ipamorelin Acetate 6/6MG INJECTABLE Mix with 7 ...

What is CJC 1295 Ipamorelin? CJC 1295 / Ipamorelin is a combination of 2 peptides. It is a Growth Hormone releasing hormone that stimulates one side of the pituitary gland. It does this in order to produce growth hormone. Ipamorelin mimics the ghrelin and binds to the ghrelin receptor in the pituitary gland in the brain.

The peptide CJC-1295 is very effective in upregulating GH levels throughout the body, without disturbing the natural balance. This reduces the risk of unwanted effects, while providing all the benefits of elevated GH levels.
