A Comprehensive Guide To The Trenbolone Or Tren Cycle - Lee-Jackson

I think I'm likely going to taper my testosterone dose down from 1500mg/wk where it's currently at to 500mg/wk and then throw in the masteron @ 500mg/wk to start and the tren ace @ 250mg/week to start and obviously increase from there. Hopefully getting around 700mg/wk if sides are all ggood.

Trenbolone acetate (Tren Ace) is the absolute most bang for your buck you will find in the world of steroids. There is no water retention, it doesn't convert to estrogen, and it has cortisol lowering effects to it (which can definitely help with fat loss and growth, since cortisol is the enemy).

Moderate Masteron Cycle

A moderate Masteron cycle is perfect for a mild cutting plan or for the purpose of enhancing athletic performance. Such a Masteron cycle will produce results that are largely dependent on your diet, but most men will find such a plan is very well-tolerated. If you've never used this steroid and you're looking for a moderate boost, the following Masteron cycle may be for you:

Week	Masteron	Testosterone Cypionate	Anavar	Arimidex
1	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
2	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
3	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
4	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
5	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
6	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
7	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk
8	300mg/wk	200mg/wk	30-50mg/ed	0.5mg/2-3x/wk

Note Arimidex may or may not be needed.

Intermediate Masteron Cycle:

An intermediate Masteron cycle can be used for cutting or athletic performance. However, most athletes will not need such a Masteron cycle and will be happy with the moderate plan listed above. The intermediate Masteron cycle is perfect for all levels of steroid use experience with the exception being first time steroid users. If you have steroid use experience, with or without Masteron experience, the following Masteron cycle can be implemented.

Week	Testosterone Propionate	Trenbolone Acetate	Masteron	Winstrol	Arimidex
1	100mg/ed				0.5mg/ed
2	100mg/ed				0.5mg/ed

Aug 3, 2017. #2. Masteron with test and tren is a killer combo, and makes up the perfect Triad: test, 19nor, dht. Lots of guys find mast "tempers" tren sides. Its a feel-good compound. Cant overrate that on-cycle. T3 also goes great with tren. You dont need a crazy dose either, 25-50mcg per day is ample.
