- #4. Winsol. Legal alternative to: Winstrol.
- #5. Trenorol. Legal alternative to: Trenbolone.
- #6. TestoPrime. Legal testosterone booster.

## Why do bodybuilders use prednisone?

The study showed prednisone **directs the production of annexins, proteins that stimulate muscle healing**. Giving weekly doses of prednisone also stimulated a molecule called KLF15, which is associated with improved muscle performance. Daily doses of prednisone, however, reduced KLF15, leading to muscle wasting.
