HGH Fragment 176-191 Results. It can be rather challenging to find verifiable clinical studies regarding the efficacy of HGH fragment 176-191. One such study found in the Journal of Endocrinology and Metabolism and titled "Safety and Tolerability of the hexadecapeptide AOD9604 in Humans" identifies genuine human growth hormone as a 191-amino acid single chain polypeptide that is released ...

Always remember that if you have PCOS, you have to be really careful with what you do and what you eat as the hormonal balance is a very fragile thing. You definitely have to do more than other girls if you have to be healthy and slim.

Anti-Obesity HGH. HGH Fragment 176-191 is also referred to as AOD 9604. The fragment is effective because it regulates your fat metabolism. This enables you to burn additional fat. The Frag 176-191 stimulates lipolysis. This is the destruction or breakdown of fat. This inhibits your body from transforming food into body fat.
