Aujourd'hui c'est les boutons, demain ce sera les cernes ou les rides naissantes. Mais peu importe les traits physiques que nous avons l'importance est ce qui brille à l'intérieur puisque c'est bel et bien cette lumière qui se reflète à l'extérieur.

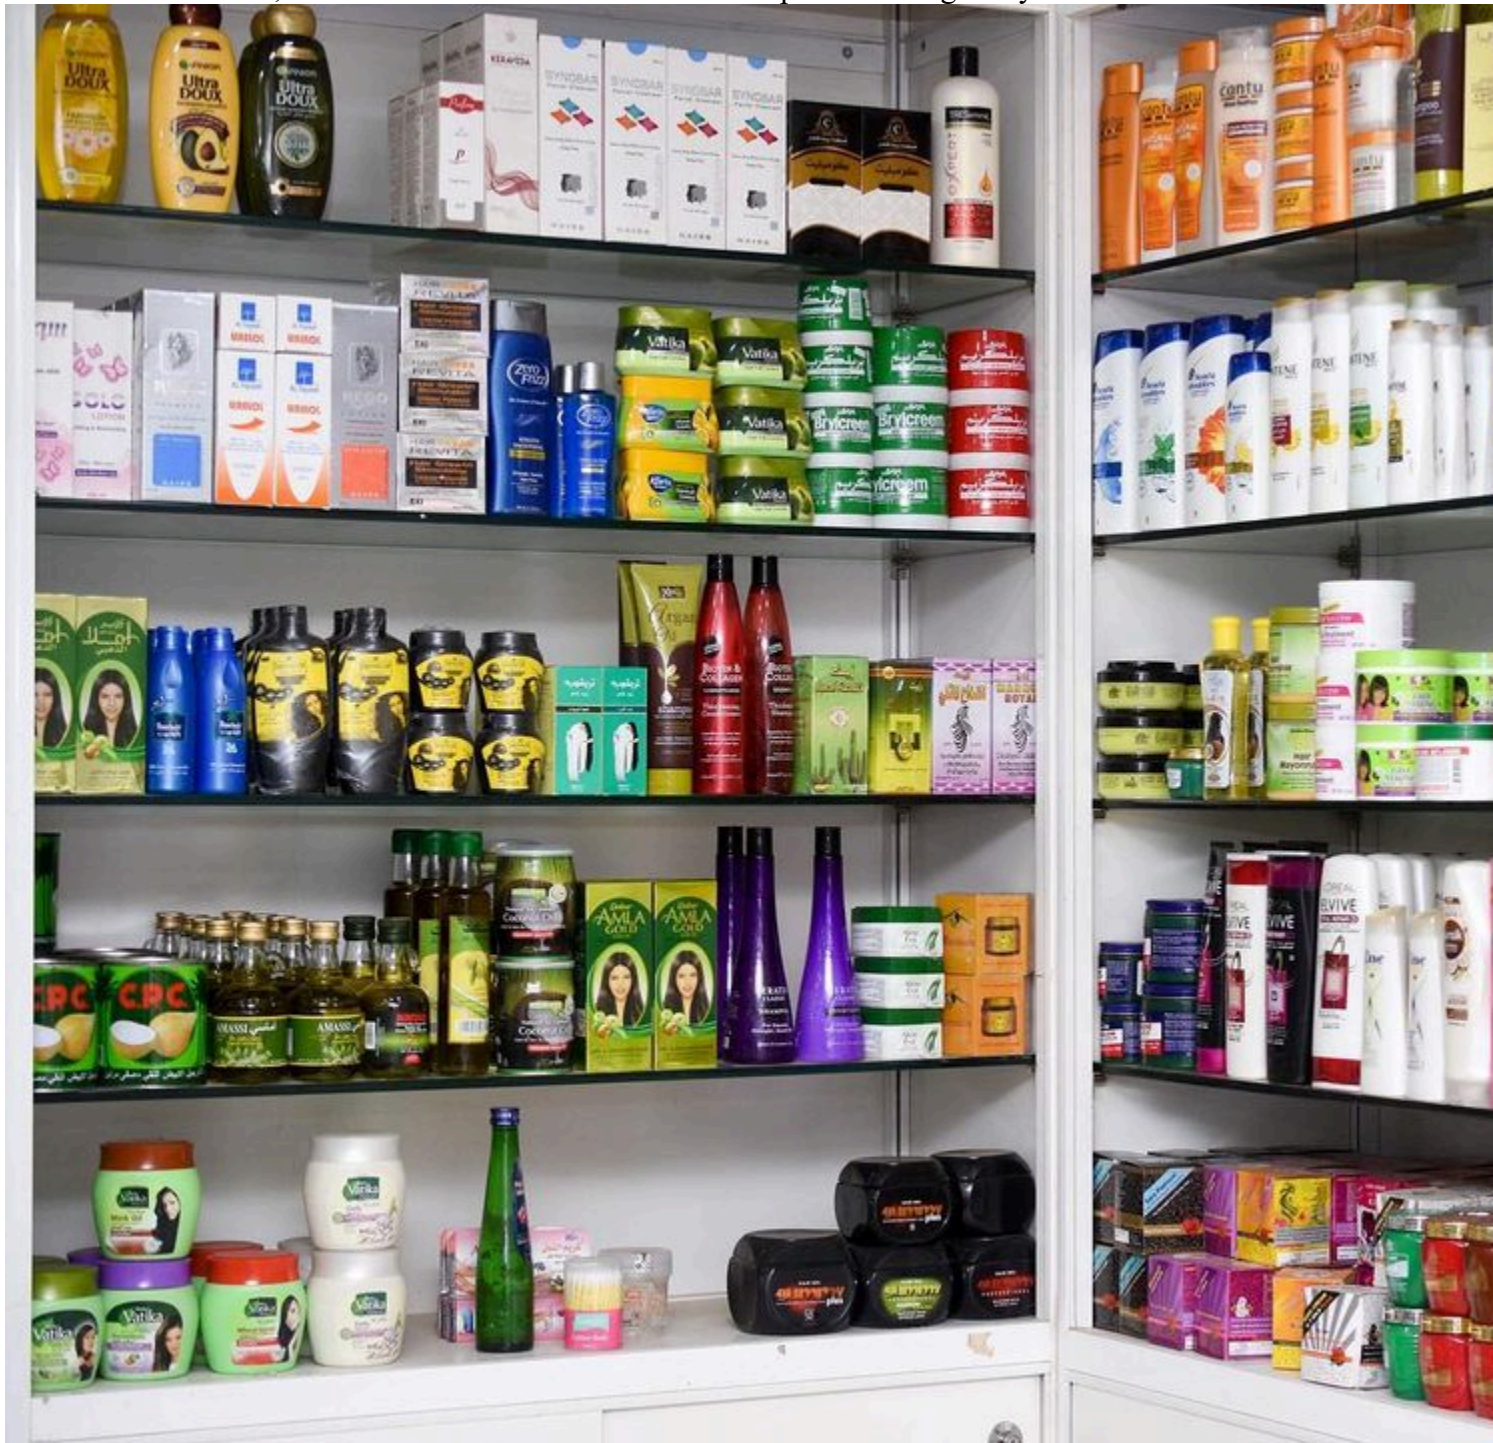

A close-up photograph of a hand holding a vibrant red rose. The hand is positioned in the lower half of the frame, with the fingers gently cradling the base of the flower. The rose is in full bloom, with many layers of petals. The background is dark and out of focus, making the hand and the rose stand out. The overall mood is romantic and tender.
