**6 super powerful natural ways to improve your hemoglobin**

**1. CONSUME ENOUGH BEET:** with its iron, folic acid, fiber, and potassium it could be helpful in increasing the red blood cell count

**2. INTAKE CALCIUM:**

There are some food and beverages which would distract your body's power to absorb iron so you could have calcium-rich food

**3. DOSES OF VITAMIN C:**

Vitamin C rich food would be helpful in absorbing the iron that increase the production of hemoglobin.

**4. POMEGRANATE:**

This iron rich food has amazing home remedy for any blood related issues

**5. CHOOSE RIGHT WAY OF COOKING:**

Choose to cook in CAST iron it could help you to increase the iron concentration in food
