In my opinion this is the reason shes symptomatic of GI issues, fatigue, insulin resistance, amenorrhea, poor sleep etc. in the natural bodybuilding world circa. 2009-present day. Most coaches know that natural women are hit the hardest in terms of side effects when it comes to dieting and getting stage lean or lean for that matter. **?** So why are so many keeping these gals stage lean for a full year? lack of education, personal vanity, placings, lack of care ? ✓Leave your answer in the comment section!
