An average daily dosage of Zhengzhou Stanozolol for female bodybuilders is approximately 10 mg. However, some of them can find a little bit higher dosage more suitable, particularly for a short period of time. In this case, their steroid cycle starts from 10 mg of Zhengzhou Stanozolol daily and then can come up to 20 mg.

I post this old video so I don't leave you without a simple test this week. Today I tried to do it again but failed and felt like I need an hour of mobility work so I can make it. I don't have the time right now so I'll make sure to do a few minutes in the evening at least. Every little helps.

Molecule : Stanozolol Concentration : 10mg/tab Volume : 100 tabs Recommended dosage : 20-80mg/day. Also known under the name of Stanozolol, Winstrol molecule or in the bodybuilding jargon as Winny. It can also be taken for lean mass gain, for a weight loss diet or a slimming.
