Testosterone Enanthate (Test E) 500mg. Testosterone enanthate 250mg is a very clear or yellowish viscous fluid provided at a 5-milliliter (mL) multi-use glass vial. It's injected intramuscularly into the buttocks each one to four months. To avoid the fluctuating hormone levels (and the related mood swings), lower dosages are frequently ...
 My trainer doesn't play. □□ He's the type to tell me don't be a little bitch when I'm doubting myself. □ He also motivates me daily to keep up. Thanks for helping me get these gains bae. ♥ □

i just feel so lazy and bloated, but yet still kind of hungry deep down??? idk it's very confusing, so i guess for now i just have to roll with the punches and rest it out... idk if anyone's experienced the same thing or if im just going nuts ahaha
