You want to make sure when you are performing an exercise you feel it in the muscle you are trying to work. On any pressing movements you want to make sure your shoulders are tucked back so you take out as much front delt as possible this will help a lot with chest development. #workout #chest #tri #lifting #gains #body #bodybuilding #bodygoals #shredded #muscles #abs #cutting #weightloss #ifbb #gym #gymmotivation #gymlife #gymshark 1080
