I've lost a total of 40 POUNDS in 6 months and now I feel better than I ever have!!! The key is long term consistency and making it a part of your daily life, no matter the challenge! There is no easy way! It requires a lot of work and dedication But its totally worth it! We only have 1 physical body and we should take care of it!! Last year I became vegetarian and focused on eating mainly whole plant based foods! It feels amazing and I want to motivate others to reach their goals! And thats why I made a fitness motivation/training page!!
