Primobolan Depot is an injectable product that is often used by bodybuilders in a steroid cycle. The active substance of this medication is Methenolone Enanthate. Original Primobolan Depot is produced by the world famous brand Eminence Labs. Packing of this product includes 10 ampoules (100 mg/ml). Methenolone Enanthate (Primobolan) History: Said to be a favorite of Arnold Schwarzenegger, Primobolan is an extravagant German-made steroid which rose to popularity in the 70's. Since then, it has been prized as one of the most effective pre-contest drugs by BB'rs all over the world, although its high cost combined with an above average incidence of fakes, has greatly diminished its use. THE UGLY: 2 out of 3 newly diagnosed Covid cases in Florida are one of the variant types (more contagious & possibly more severe disease.) Many countries are experiencing a 4th wave of Covid cases, hospitalizations & deaths.

Primobolan Depot (Methenolone) in USA. What is Primobolan Depot (Methenolone Enanthate) in USA?
