Favorite and only pineapple shirt. Guys, I woke up today unwilling to get out of bed. It was maybe 5:50a when I checked the time. My shoulders, back, arms were all so tight and I could feel my legs were so sore that I rolled back over and slept for two more hours. I didn't do my first workout until 1:30p and I LOVE it when I'm done with both by then. The soreness is so intense but once I start moving around each day it subsided enough that I can progress with my workouts. That's part of the mental challenge and growth I'm experiencing. If I was pre-75 hard right now I would've taken MANY rest days. But everyone knows there's #nodaysoff ☹️
