Winstrol (also known as Stanozolol) is a longstanding cutting phase steroid that has not only won the hearts of most bodybuilders but also gained a steady reputation on the market. Thus, it is not surprising that it is considered one of the best steroids for fat loss and an excellent alternative to Anavar.

Stanozolol is a man-made steroid, similar to the a naturally occurring steroid testosterone. Stanozolol is used in the treatment of hereditary angioedema, which causes episodes of swelling of the face, extremities, genitals, bowel wall, and throat. Stanozolol may decrease the frequency and severity of these attacks.
