'It was the semi-finals of the 2020 West-Berkshire County Cup Ten-pin Bowling championships... although disappointed in his defeat... Julian removed his shirt and in that moment, he realised... that although he may never materialise his dreams of being Berkshire's greatest bowler.. he was already at least Berkshires's most muscular bowler.' □

Men with low T can experience changes in mood. Because testosterone influences many physical processes in the body, it can also influence mood and mental capacity. Studies suggests that men with low T are more likely to face depression, irritability, or a lack of focus.
