Anavar is the best steroid as far as women bodybuilders are concerned, owing to the fact that it has an androgenic rating of 24, and also it's not aromatizing to one's senses. Aromatization means when the body gets flooded with too much androgen and converts some of it into estrogen. throwback (sorta) to almost exactly 2 months ago when i went to my post op appt with my mom, mom & dad, if you're reading this i just want you to know that you and dad are one of the reasons i continued to fight my battle against mental health, and without your support i most likely wouldn't be here today. i love you so much and i hope you realize how much i appreciate you and everything you've sacrificed and done for me.
