VISIT OUR WEBSITE Chem Tek was founded with the soul intention of improving and innovating the extraction and filtration process. Each of our Filter Medias go through vigorous testing and R&D at our licensed California extraction lab. Check out ChemTek at the next CannaCon event!

## **Jorge Sanchez - Co-Founder - Chem Tek | LinkedIn**

A Chemtek specializes in providing organic reference materials and custom synthesis service for our customers in the fields of pharmaceutical research, food and environmental analysis and more.

### **Chemtek Company Profile - Craft**

More than 250 Spectrum Chemical employees work together across three worldwide locations. We offer more than 45,000 chemicals in laboratory, scale-up and bulk quantities, as well as more than 60,000 supplies, equipment and PPE consumables. In all, we represent 250 manufacturers and serve 120 industries in 70 countries.

## Lab reviews: Chem Tech - eroid s

The screenshot shows the Cerner website homepage. At the top, there are navigation links for 'Patient Login' and 'Register'. Below that is a menu with 'Getting Started', 'Conditions', 'Find a Medication', and 'Help'. A search bar is visible with 'English' and a search icon. The main banner features a photo of a man with a child on his back, with text: 'e's more an a patient. e's a PB&J chef. tee-ball coach. little boy's hero. nd our focus.' Below the banner is a 'Bestsellers' section with a 'Hi, I'm [Name] Let me know about A' message and a grid of products including 'W4', 'W4 Professional', and 'W4 Black'.

W4. from \$65. 00. W4 is an alkaline bleaching clay specialized for the removal of pesticides, chlorophyll, free fatty acids, and oxidized compounds. It removes pesticides through adsorption and hydrolysis. Pesticides undergo alkaline hydrolysis, in which a pH greater than 7 causes chemical degradation of certain pesticides in the presence of ions.

**INTENSE MUSCLE BUILDING S.A.R.M.**

**MYOSTATIN INHIBITOR  
MASS & STRENGTH  
YK11  
S.A.R.M.**

YK11 is the newest SARM to hit the industry with zero aromatization and zero side effects. It has a high oral bioavailability due to the 17a alkaloid and has a much higher myotrophic value than any other SARM available at this time.

No one will dispute the effects of this SARM upon favorable body composition. YK11 allows your system to stay in balance to produce the best and cleanest gains possible!

Research suggests YK11 has a half-life of about 6 hours, though it appears that it is closer to 10 hours based upon plasma levels maintained in our test subjects.

The YK11 Muscle Building Cycle should have an administered protocol of 4mg 3 times daily to provide the greatest body composition effects, strength, and lean mass.

SUPPLEMENT FACTS		
Serving Size: 1 Capsule		
Servings Per Container: 90		
	Amount per Serving	%DV
(17-alpha, 20E)(17,20- $\beta$ 1-methylendioxyethylene)	4mg**	
(Stenoyl)[3-oxo-19-norpregna-4,20-diene 21-carboxylic acid methyl-ester		

\*\* (DV) Daily Values Not Established

Other Ingredients: Gelatin (capsules), maltodextrin, magnesium stearate, silicon dioxide

**YK11 S.A.R.M.**  
MASS AND STRENGTH GAINER

*"YK11 is an extreme myostatin inhibitor that will accelerate muscle growth and unleash your muscle mass potential!"*

**Increased Lean & Dry Muscle Mass

## YK11 SARM Guide: Benefits, Dosage, Side Effects - Sarms. io

Chem Tek Labs. To be honest, I hadn't heard of Chem Tek labs before someone suggested I check them out. I'll be honest though, the reviews don't look all that great. I've seen multiple people online calling them out for selling bunk products. I haven't tested them myself, but I would say stay away. Centurion Labz
