

It looks like Driven Sports will soon be releasing a follow-up supplement to their widely successful, discontinued Craze pre-workout supplement. It is appropriately dubbed Craze V2. Craze, along with several other pre-workout supplements under different companies, gained some notoriety for including an effective yet controversial ingredient .

## **Craze Pre Workout Review(2019) - Are The Ingredients still banned?**

#1 So I got to try some samples of the new Pre-workout "CRZ the OG" by Driven Sports Phenomenal pwo. Super clean. Great energy. No spike in BP. Some mood enhancement. Increased V02 like you will see from ephedrine. My lungs can breathe way better. Better focus and pump then average. Not the strong euphoria from craze OG, but a very good PED.

🌟 Unpopular opinion 🌟

I have an unpopular opinion for y'all.

(: I (u n e d h e n u ) (

The Pros The Cons Craze Pre Workout Conclusion You might be wondering if a pre-workout supplement can really benefit your gains. Wonder no more, because the science is in and pre-workout supplements do work. Like any competitive market, there are a lot of frauds and a few legit players.

## Driven Sports CRZ The OG: The Original Craze Is Back? | FitFrek

DS Craze is hands down the best pre-workout I've ever used. First of all, let me say I'm not sure if this is about to be a rant or a review, but I just got back from the gym and had to get this out of my system. I've been seriously lifting for about a year, and on and off before that for 5 years.
