Does USPS Scan or X-Ray Packages? While the US Postal Service assures the quickest shipment possible to establish its size and breadth, it should also be diligent regarding security. Alcohol, guns, and narcotics are all unsportsmanlike, as well as the Postal Service has worked hard to keep them out of their systems.

X-Ray/X-Rayed packages USPS : r/SilkRoad - Reddit

The only reasons why ups/FedEx would open a package is if it's: 1. fuming. 2. Leaking. 3. Reaking. (I'll just refer to those 3 as "a 3" for simplicity) So make sure it's packaged tightly, won't fall apart, it doesn't reek of whatever and it'll be fine. If a loader/unloader comes across one of the 3, they are not allowed to touch it.

Does USPS Scan Packages In 2023? (All You Need To Know)

Does USPS X-Ray Priority Mail? Every piece of mail with a USPS address goes through a security check before being delivered. This is because where there is a larger number of packages to be shipped, there is more likely to be theft. But there is a catch, writing Do Not X-Ray does not actually stop X-Ray.
