It has a predominantly anabolic effect which combined with a relatively low androgenic component. On a Scale of 1 to 100 androgenic effect is low. Only a 6 and the effect is 53.

Premetto che mi sono sempre fatto trattare, almeno una volta al mese, ma per ragioni soprattutto di comodità, da molto non ricevevo un trattamento Shiatsu da "uno bravo". Cosa avvenuta ieri. Tre considerazioni : lo Shiatsu, lo ribadisco, e la firma di trattamento piu potente e completa che io abbia mai ricevuto; seconda , mi spiace e non mi capacito per coloro che, avendolo provato , riescano a fare a meno di questa panacea per la salute; terza , onore alla mia Scuola, Hakusha e complimenti al mio Istruttore e Tori Marco Zigrino . Acima, e ilustrada uma mulher semiconsciente, vestida por enfermeiras com camisola branca e gorro, indicando algum conhecimento de higiene. A menina e incapaz de sentar-se por si so e, para tanto, o medico pediu a um dos assistentes para ajuda-lo a mante-la enquanto executava ausculta direta, a fase primordial do exame fisico. A manobra consiste em colocar o ouvido na parte de tras do paciente para ouvir o ritmo dos batimentos cardiacos, o que hoje e feito com estetoscopio. O outro assistente, ao pe da cama, segura uma folha com a historia medica, que contem informacoes completas, como observacoes sobre a dieta, medicamentos e diretrizes a serem cumpridas com aquele paciente em particular.
