A woman with long brown hair, smiling, stands in a pharmacy. She is wearing a white short-sleeved button-down shirt with a dark blue collar and cuffs. On her left chest, there is a small logo that says "FARMACIA". Behind her are white shelves filled with various boxes and containers of medicine. Some visible brands include "MYLANTA", "Qual", and "NEXT".

Research shows that spinal manipulation may be an effective treatment option for tension headaches and headaches that originate in the neck. A 2014 report in the Journal of Manipulative and Physiological Therapeutics (JMPT) found that interventions commonly used in chiropractic care improved outcomes for the treatment of acute and chronic neck pain and increased benefit was shown in several instances where a multimodal approach to neck pain had been used. Also, a 2011 JMPT study found that chiropractic care, including spinal manipulation, improves migraine and cervicogenic headaches. [read review](#)
