It also increases nitrogen retention in the muscles as well as red blood cell count.

While SWT is considered a tonic suitable for the average female, it is particularly meant for those suffering from what is known as blood deficiency and qi stagnation. Blood deficiency can be associated with backaches, anemia, vertigo, menstrual pain, and can be a cause of infertility (Taipei Medical University). Qi deficiency normally manifests as a lack of strength, body function decline, and lower

immunity (Zhejiang Medical University). [visit our website](#)
