In December 2001, a perilous operation took place in Birmingham to separate three-month-old conjoined twins, Sanchia and Eman Mowatt. They started life in the full focus of the world's media, such was the rarity of their predicament. What are the 19-year-old sisters who defied the medical odds doing today?

Morning

So I didn't measure myself (must do that
time) I just took photos and weighed in. I
see the difference, I am less bloated and
lost 2lbs 😊

Can we both try the belly buster package

PB 😄!!! Who'd have thought 12 months ago I'd be hitting pb's in my kitchen 🏠. So, my old pb squat is 200kg for a slow single, and this is me taking it for an easy triple 🏠, 200kg x 3 on my 3rd working set ✖?. So pleased with this, I would not have progressed to this level without @biglozwsn coaching me so well, thank you buddy! The corona bullshit may have slowed me down, but hasn't stopped me, and this time we are working through it. Thanks to @s_fellows93 for spotting me too so I don't put a huge whole in my kitchen floor haha 😄 .:
