**Bodybuilding Benefits.** French tattoo artist JC Sheitan Tenet is the first man in the world to have a tattoo machine attached to his body. Left without an arm at the age of one due to an accident, his handicap did not prevent him from turning his passion into a profession. Thus, after 22 years, the artist and engineer Jean Luis Gonzales has created a prosthesis that joins a tattoo machine to the false limb. An arm that controls using the movement of the shoulder.
