

Everyone here's been telling me to switch from injecting once a week to injecting every 3.5 days, aka twice a week. I've had problems keeping E2 in place and everyone's been saying it helps with that and just in general it gives more consistent testosterone. Any personal anecdotes or experience is appreciated

once a week vs 2x TRT - AnabolicMinds

Taking TRT doses twice weekly vs. a once-a-week regimen can help Low T patients avoid any fluctuations in their testosterone levels and decrease the risk of experiencing negative side effects. Read on to learn more about the guidelines for splitting a testosterone dose and how to determine when taking a TRT dose twice a week is necessary.

r/trt on Reddit: For those doing twice per week testosterone injections .

Yeah better off doing 100mg/wk. or 50mg every 3. 5 days. NowHerePresent • 3 yr. ago. Popular advice here is 2x a week. And an average of 150/week. Personally I can't believe doctors would tell someone to do a 200mg shot. That's just asking for e2 spikes and nipple issues. moustyle • 3 yr. ago.

Testosterone Injections: Cypionate Dosage & Half Life Chart

4 AnxiousPhilosophy385 • 2 yr. ago Depends on your SHGB I guess, weekly may give just as stable levels as twice a week. 2 Arbustri OP • 2 yr. ago Got it, I took my first shot a few days ago so I don't really know yet. But I don't feel any different so far, so idk how I will compare how do I feel after the

shot and before the next. 2

Injecting once vs. twice a week? : r/trt - Reddit

That is here. In the real world, almost 100% of the guys taking underground TRT use between 150 to 200mg once a week, with most at 200mg once a week. Of those seeing TRT practices, around 85% take once weekly dosing at 150-200mg. Of those seeing PCPs, GPs, endocrinologists, or urologists, it's about 90% taking 200mg once every two weeks.

TRT dosage, average and maximum testosterone dose for injection

To maintain correct dosing due to the small syringe size (0.3 ml), a 3 times per week schedule may be needed (Monday, Wednesday, Friday), or 2 smaller injections every 3 days like originally outlined. Smaller Syringes Equals Better Drawing Power The 3/10 ml small syringe size is what helps maintain maximum pressure to draw the oil.

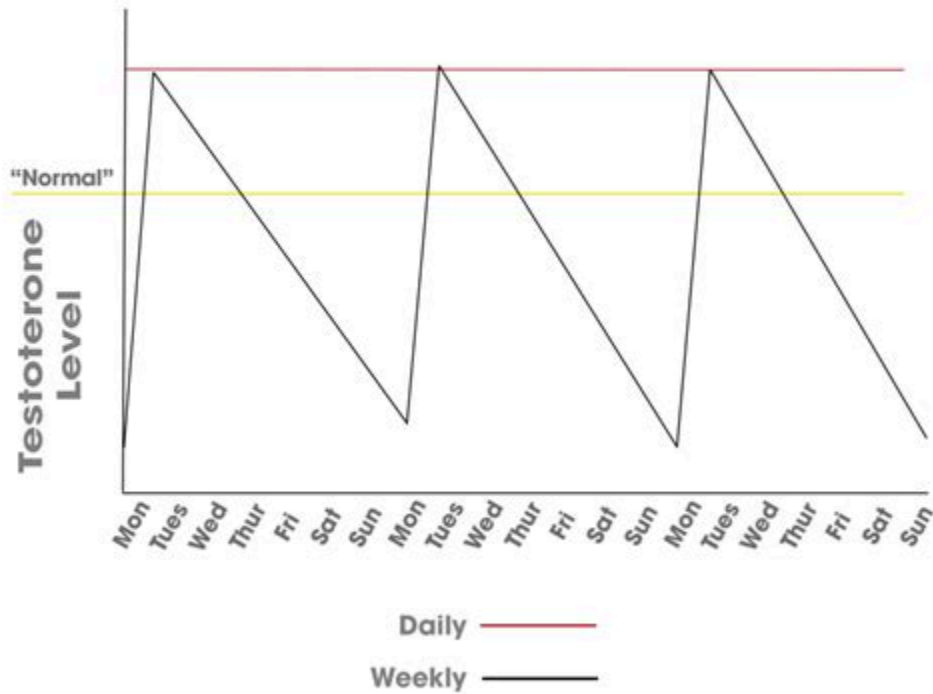

Injecting testosterone 3 times a week | Excel Male TRT Forum

Dosage is 150mg split into twice a week I have been reading online and am getting different answers Should the two injections be on the same days every week? e. g. Every Wednesday and Saturday? or every 3-4 days ? Also, those on TRT, how long until you noticed the effects? Especially mental well being. Thanks in advance

TRT Twice a Week vs. Once Weekly - Renew Vitality

Weekly VS Daily Injections

So id do 0.35ml twice weekly for 140mg total? The only positive ive seen since starting trt has been mainting some muscle but thats literally it. Im miserable to say the very least and need a change asap. Figured id make a post for some advice. The other hard part for me is that im currently unemployed and insurance covers my trt.

Looking Ahead to Cavs-Wizards | NBA

Find out more about TRT UK TRT UK Guide . Testosterone Sustanon Dosages for TRT. This testosterone is a blend of short, medium, and longer chain fatty acids. It theoretically should lead to long lasting and sustained levels over 3 weeks. In practice it falls far short and usually needs to be injected weekly or twice per week.

Injection schedule for twice a week : r/Testosterone - Reddit

Weekly VS Daily Injections

#1 Hi, I'm new to TRT, only in week two. My doctor has me on 100mg Test C once per week. Ive been reading on a few forums about the benefits of injecting twice per week. So for me that would be 50mg every 3.5 days (100mg total per week).
