4. May 31, 2021. #8. It's a scam, bro. Nothing will make your dick bigger. Maybe, maybe if you pump enough, for years, you can gain a fraction of an inch. Still, it will be purely aesthetics. The actual organ will not grow, just swell and look bigger. It will make your erections softer and your dick will actually feel smaller than it is now.

RigilNebula • 7 yr. ago Well, your doctor may be right. It seems like it's not manufactured/available as a prescription in Canada/US, from a regular pharmacy. I haven't looked into this too much, but it seems you might have to find a compounding pharmacy to mix it for you, if they were able to. Or else order it online.
