## Tren at 200mg per week ( any results) - Steroidology

Tren Side Effects. There's no way to deny Tren side effects can be somewhat rough; in-fact, for some they can be quite brutal. It's no secret the Trenbolone hormone is one of the most powerful anabolic steroidal hormones that has ever existed and as is common the more powerful the steroid often the more intense the side effects can be.

## Tren at 200mg per week ( any results) - Steroidology

Trenbolone is one of the strongest steroids on the market. It has a slight similarity with nandrolone but stronger. In short, Trenbolone promotes protein synthesis as well as nitrogen retention. With its ability, Tren provides a result of mass and strength gain. In addition, increased nitrogen retention results in firmer muscles.

Tren actually has five times the anabolic strength of testosterone, making it a favorite amongst seasoned steroid users. Because of its strength, the dosage for Tren can be pretty low. Doses start at as low as 200 mg per week, split into injections every other day. This increases to 400-500 mg at an intermediate level. [check over here](#)
