Nandrolone, also known as 19-nortestosterone, is an androgen and anabolic steroid (AAS) which is used in the form of esters such as nandrolone decanoate (brand name Deca-Durabolin) and nandrolone phenylpropionate (brand name Durabolin). Nandrolone esters are used in the treatment of anemias, cachexia (wasting syndrome), osteoporosis, breast cancer, and for other indications.

There are a couple of ways that you can increase the intake of your vitamin D on a daily basis. The most popular method is to take a vitamin D supplement, which is as easy as taking a pill. Another way is to get out in the sun regularly by a healthy amount, since the rays of the sun will give you the vitamin D that you need.
