When Nandrolone Decanoate 10x 2ml (100mg/ml) is used the muscles will explode in size and gain extreme growth because of the high-quality muscle mass which thanks to Nandrolone is growing faster and harder than ever before. For the best results in high-quality muscle growth and a great gain in strength, Nandrolone is a very good choice. I recognized early in my weight loss journey that food is 80% of my battle so I want to share my journey with you. Find full video by clicking link in bio ☐☐☐

☐ No coffee or stimulants after 10 am – the long half life (takes a long time to clear the liver) in coffee can stop you falling asleep later in the day.
