Durabol 100 is one of the brand names among numerous names of Deca Durabolin, which is actually the most popular brand name for the component Nandrolone Decanoate. Nandrolone is itself a DHT derived steroid, which has been attached to decanoate ester. The attachment increases the time for Nandrolone Decanoate to stay in the body. Durabol 100 British Dragon \$ 42 NPP is a product capable of boosting natural production of testosterone as well as lowering fluid retention and estrogen levels in the body. Besides, it promotes accumulation of proteins in the muscle tissue which ultimately leads to increased strength and mass. Out of stock

Durabol 100 British Dragon (100 mg/ml) 10 ml. Description and Uses. Durabol (Nandrolone phenylpropionate) is an injectable steroid with strong anabolic and slight androgenic properties. It is well-known for its ability of collagen synthesis (polypeptide chains and other intracellular and extracellular modifications) and favorable effects on.
