Last week of cambered bar front squats, with some experimentation in band tension. Had been using minis but felt like I needed a bit more. Regular light bands weren't enough, quadded was insane, and swapping them out with 50 more pounds of bar weight was a real fun exercise in stability. And bonus fun,

Start lean: The leaner you are when starting a bulk, the more likely you are to gain muscle vs fat as lean individuals show more efficient nutrient partitioning with 60-70% of initial gains to be LBM vs 30-40% in overweight (Forbes 2000). A good time to start will be around 5-12% (men) & 10-18% (women).
