I've learned over the years that the thing that has helped me build and continue to grow myself and my business is NOT being perfect, but instead having the confidence to make mistakes and recover because lord knows I've had my times where I fell flat on my face. Sometimes I still miss recess because my goal is more important than play time. Other times I have to remind myself, not to let small things consume me that aren't moving me as fast as possible towards my goals. It's all about finding that balance! (Notice I didn't say 'perfect' balance ??)? [webpage](#)

Posted @withregram ? @powerbreathealtitudesystems In this study, 'Live High Train Low? Hypoxic Training Enhances Exercise Performance with Efficient Redox Homeostasis in Rats' Soleus Muscle', the live high trained low group could consume more oxygen during exercise, which might lead to having a better chance to ensure cellular redox homeostasis. Therefore, this group could ensure an optimum exercise performance and anabolic metabolism. [full report](#)
