I'd stick to 300 mg/week. Most of your Tren is going to either be 75 mg/ml or come as 100 mg/ml. Therefore you will be using 3 cc's/week and each vial will get you 3.3 weeks. Watch out for Tren cough! Trenbolone Acetate Injection Schedule. I used to inject Tren on a Mon/Wed/Fri schedule. #1- My original plan growing up was to train and practice in NYC. With the passing of Nate, I decided to apply to Family Medicine Programs across the U.S. I ranked TCH/UC Residency Program in Cincy #1 for a host of reasons, but mostly God. I thought another program in California was where I really wanted to be. I fasted and prayed on this decision for weeks (40days to be exact). ?????????? ?????????????????? ??? ? ? ??????????????-????-????????????? ?????????????????????????? ?????????????? ???? ?????? ?????????? ??????????. Ultimately, God chose Ohio for me ? sending me people I never met from Ohio, and showing me others who are there that would create a support system for me. If you are in the process of building your muscles, you must take 50 to 100 mg of Tren every other day. For those who are trying to build their strength, taking 100 to 150 mg of Tren will do the work. Following this recommended dosage will help you get the best results without suffering from the side effects of Tren. Benefits of Using Trenbolone

Our new unisex NAVY PALMS print top is the perfect way to put a spring in your step all through your day! How can you not feel great in this fresh and funky design? Tren actually has five times the anabolic strength of testosterone, making it a favorite amongst seasoned steroid users. Because of its strength, the dosage for Tren can be pretty low. Doses start at as low as 200 mg per week, split into injections every other day. This increases to 400-500 mg at an intermediate level. Now, I am proud of the person I am. My T day, my ?Manniversary? - LOL whatever you want to call it - gave me this gift: The ability to love myself wholly. To feel valid, to feel confident, to feel worthy of celebration.
