☒ Doesn't Recommend ☐ Positive Outlook ☐ Approves of CEO

I have been working at ' ' ' full-time for more than 5 years

### Pros

Benefits / PTO is pretty good.

### Cons

Management/supervisors constantly changing. Not much opportunity for growth unless you're one of the management's favorites. If anybody accuses you of something, HR/supervisors take their word for it, even without much evidence. Production workers are too scared to speak up regarding issues and when they do, nothing is done in response. If you want to work at ' ' ', do yourself a favor and find another facility.

*The Ultimate Guide*

### The Supreme Guide to LPR Causes & Treatment

There are many causes of LPR.

Which is why there are many potential solutions as well.

Many physicians treat generically – each patient receives the same treatment. If the patient is lucky, that treatment tackles the root cause. If not, the LPR symptoms will persist or come back.

For a permanent cure, you need the right solution for your individual problem.

Let's have a look at 5 groups of LPR contributors and their respective treatment.

1. Weak Sphincters The key contributor to laryngopharyngeal reflux (LPR) are malfunctioning sphincters. Sphincters are valves that keep food in the right organ of your digestive system until it's ready to be passed on. Whenever one or more of those sphincters do not work as they should, problems start to happen - often in the form of reflux.
