

Jun 16, 2013. #6. Agree with what has been said. Also, doing your FIRST cycle with mutant plexx is a hella bad idea. Definatly wanna start with a single compound not a cluster f\*\*k of hard-on-your-liver-methylated designer steroids. Think a 6 week cycle of halodrol, epistane, mechabol/pmag (all of which are methyl and still harsh on the liver .
