About PharmaFreak Test Freak 2.0. Test Freak 2.0 is billed as a "hybrid testosterone and libido enhancer" which can be a great combo. It's important to keep an eye on the ingredients in this kind of product, however, since there are many compounds that are supposedly for testosterone that really just contribute to libido instead. Remember: better testosterone might mean better libido .

REVIEW: PharmaFreak Test Freak - Evolution of Bodybuilding

PharmaFreak Ripped Freak Results and Review Conclusion. Overall, Ripped Freak is a decent product that regularly receives good reviews. The fact you only need to take one capsule per day is great too. Although, you could choose to take two if you'd like to go a step further. Just make sure you don't go over the recommended dosage of two .

Amazon: Customer reviews: PHARMAFREAK Test Freak Ultimate .

With a full serving I received 400mg of caffeine along with 3grams of tyrosine. It was a very clear increase in energy. Unlike the feelings I received from 1MR which is a little too much of a good thing, Super Freak provided a nice focus and energy kick. The most satisfying thing about it, is the fact that I did not receive a crash afterwards.
