Try essential oil therapy. The essential oils get absorbed in your skin and travel to your brain centres and help you cope with problems. Regular use will prepare your brain centres to fight the pain and imbalance increasing your stamina and immunity.

A dark blue background with falling raindrops and confetti. The raindrops are in shades of blue and purple, and the confetti consists of small, light-colored rectangular pieces.

It is recommended that I remove coffee from my diet during the program, but green tea is allowed. As coffee is still very much a part of my daily routine, making the switch to green tea for the duration of the program has been tough. I had a headache the first day but it tapered off pretty quickly. I found a local coffee shop that makes a delicious matcha latte so that is my treat when I skip the #tulsigreentea at home..... Sometimes I have both 🍵♀️? 🍏.
