growth hormone deficiency and bone age
high injection and eating

Pirmaoji mano savaitė RVUL spėjo aprodyt daug: ir sunkiai sužalotus pacientus, ir mirtį, ir covid teigiamų pacientų, bet ir tą visiems mum svarbu pozityvų mąstymą, apie kurį man priminė vienas iš tų "sunkesnių" pacientų. Ateity laukia dar daug skirtingų skyrių į kuriuos šiuo metu (kol kas) žengsiu slaugytojo padėjėjos pareigomis..
