This is definitely not something I would recommend for beginners. Building massive quads is no secret, learn the right technique, practice the movement and create a nice mind-muscle connection!

Just got my order. Everything exactly as described. Took a really long time because of Canada Post (not sites fault) but website was quick to respond about initial shipping. Did not respond about late shipment but I guess it's happening a lot. 1st time ordering from the site but likely to stay with them if all goes well on this cycle.

50 Tabs of 25mg Oxandrolone Anavar or Oxandrolone was first developed in 1964 by Searle Laboratories to combat and treat conditions like rapid weight loss and muscle wasting like many other anabolic steroids. Compared to other anabolic steroids, Anavar is considered to be the safest for use for both males and females and its used quite extensively by athletes.
