Winstrol Depot is an injectable steroid and is considered the third most popular steroid among bodybuilders and athletes. Winstrol is also available in oral form and is used more so than the injectable form. The half-life of Winstrol Depot is about twenty-four hours and as a result requires less frequent injections when compared to other steroids. ...
If you want chocolate then eat it! But be sensible by keeping your portion small and top your snack up with something not as calorie dense and filled with nourishing nutrients like the 200g of strawberries in this pic
