Clenbuterol is a medication used for the treatment of people with bronchial asthma, chronic bronchitis, emphysema, acute bronchitis, or stress urinary incontinence. Physicians sometimes prescribe Clenbuterol for off-label treatment of people suffering from ALS. Clenbuterol was previously known under the brand name TONIL (clenbuterol).

The best way to buy Clenbuterol in Canada is through online pharmacies. You can find many of them on the internet, but you should be careful when choosing one. Well, there are a few things you're going to need to do. It's not as easy as just typing "Clenbuterol " into a search engine and hitting enter (trust me, I tried). Clenbuterol [try this website](#)
