□ 275 + 104 in chains Close grip bench PR□□□□ 350 to 365 at the top. Super hyped about this one. I missed this weight with comp grip like 3 weeks ago: also, excuse the crazy ass strobe light situation. We basically had a mountain hurricane here in Utah and it ruined like 120,000 people's power for a couple days so that's why the lighting is jacked. It actually turned out kind of awesome for a 4am lift session with the A.M crew @natday4 and @touchmypineapple btw Danny that John Wick playlist was a great move. Second vid is just a speed single at 405 programmed by @chad\_faria @bristolcountybarbellclub
