Pretty happy with this seeing as how 2 weeks ago I could barely move my arm. 335 push press on the straight bar really wanted 350 but my triceps and shoulder were fried after this, I think I can do it but not tonight. Big thank you to @joeyvalenz28 @jared_odinswrath @_michael_derr_ for helping me hit this tonight. Thank you to @deltafiveperformance for both increasing my pressing power these past few months and helping me recover from this injury very quickly and get back to training.
