Know uses, side effects, dosage, contraindications, substitutes, benefit, interactions, purpose ...

Safe to say a few new bookmarks have been saved and the goals set are bigger than I would ever have thought of setting before. Training with @\_lian8 has been amazing for my mindset. The guy thinks on another level and believes in his potential so much its infectious. Despite all his set backs he is put together mentally so much better than many other people and athletes I know.

“Having a well-founded foundation is the blueprint for solid structure. Mind,Body,Soul will lead to a successful future, but it starts with Foundation”
