Testosterone Propionate (Test prop) Rated 4.67 out of 5 based on 3 customer ratings. (4 customer reviews) £ 39 - £ 44. Testosterone Propionate is a commonly manufactured injectable form of the primary male androgen testosterone. The added propionate ester will slow the rate in which testosterone is released from the injection site, but ... A short session (35-60 minutes) can mean the difference between hitting the beach with confidence this summer or hiding away in layers of clothing. ?? ?
